The 5% discount does not apply to *PayPal* payments.

### Release Form: Technology & Photographs

I am aware that St. Paul's Lutheran School gives students access to computers and the internet during the school day and that on occasion, pictures are taken of students for use in newsletters, bulletin boards and promotional material. I understand that if I have any objections, reservations or qualifications regarding my child's participation in these activities, I need to present them in writing to the school office prior to the child's first day in class.
