

SpotOn Reserve

Book more reservations, serve more guests, and increase profits, all while delivering a VIP customer experience

The perfect front-of-house solution for creating a contactless environment, promoting social distancing, enabling contact tracing, and managing capacity constraints

Reservations: reduce no-shows and make it easy for guests to book online, including directly from Google searches

Waitlist: reduce crowding and walk-outs with real-time waitlists and 2-way texting

Server & Table Management: streamline operations, reduce labor costs, and turn tables faster

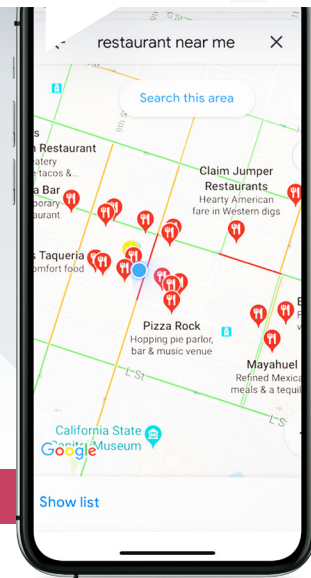

Guest Analytics & Marketing: know where your guests are coming from, improve loyalty, and drive repeat visits with targeted campaigns

Save between **\$800 and \$1,200** per month compared to reservation platforms that charge per-cover fees.
