

Meet your doctor!

Dr. Doug Brewer, D.C.

After attending Boise State University, Dr. Doug Brewer received his Doctorate at Life West Chiropractic College in California. He is Board Certified and has continued education in spinal rehabilitation, laser therapy, functional medicine, and is constantly learning new techniques and systems to best serve his patients. Treating all ages from babies to our aged community, for sudden injuries, chronic pain, and wellness. Dr. Brewer is thoughtful and conservative in his care, knowing no two people are the same. One visit you will know you've made the right choice for your recovery and overall health.

Dr. Brewer is married with 3 children, and has two grandchildren. He enjoys everything Idaho – camping, rodeos, hiking, BSU, seasons, and the amazing people who live here, *and who move here*. He has been called “the nicest guy you’ll ever meet” and we invite you to come by and do just that.
